01 / RELEVANT EXPERIENCE

Where I've Worked

• ENCOR Advisors

AI Enablement & Client Development Intern • Toronto, ON

JAN 2026 • AUG 2026

- Built and operated a multi-stage CRE outbound engine in Claude Code for individualized prospect research, trigger scoring, sequence generation, QA, and HubSpot staging; combined with redesigned targeting and sequence strategy, 2026 outreach scaled enrollments 50%, increased reply rate 10x+, and reduced bounce rate 42% versus the 2025 baseline.
- Developed an AI research QA methodology using source verification, confidence ratings, inferred-claim labeling, and pre-delivery send gates, catching three substantive factual issues before delivery.
- Designed the internship handoff architecture for three Claude project areas, packaging five reusable AI skills, documentation, project audits, and walkthroughs for continued use after departure. MAY 2025 • AUG 2025

• Oxford Properties Group

Student, Office Leasing & Operations • Calgary, AB

- Supported leasing across 2.85M sq. ft. of Class AA office properties, preparing stacking plans, availabilities, and property information for broker outreach and tenant discussions.
- Used VTS and suite inspections to maintain leasing data, validate building information, and support reporting, marketing, and planning.
- Initiated a junior and intern networking event by securing VP approval and coordinating execution across internal and external stakeholders.

• Antec Appraisal Group

Research Assistant • Toronto, ON

MAY 2024 • DEC 2024

- Conducted market, transaction, and demographic research using ArcGIS and Altus Data Studio to support valuation assignments across ICI properties.
- Built Excel-based research tables, graphs, and sensitivity analyses for appraisal reports and land residual pro formas.

02 / SELECTED BUILDS

BUILD 01

CRE Outbound Engine

Built a research-first outbound system combining individualized prospect research, trigger scoring, AI-assisted sequence generation, claim verification, human approval gates, and HubSpot staging.

BUILD 02

CRE Tour Package Generator

Built a workflow that converts PropTx or MLS listing exports into branded tour packages with mapped properties, comparison tables, individual property sheets, and formatted PDF output.

03 / ADDITIONAL EXPERIENCE

Earlier work

Richmond Property Limited

Sales & Marketing Team SEP 2023 • APR 2025

- Generated leads and promoted property features to prospective tenants, and lead tours.
- Assisted in lease signings and open houses through coordinated marketing efforts and customer service.

Fins Up! Backyard Swim School

Owner / Operator • Markham, ON SUMMER 2023

- Wrote a business plan and was awarded an Ontario Summer Company Program grant to launch the business.
- Managed client engagements and service delivery directly.

University of Guelph

Bachelor of Commerce, Real Estate (Co-op)
Sep 2022 to Apr 2027 expected

Training: Real Estate Financial Modeling Bootcamp, Jan 2024 • Bloomberg Market Concepts Certification, Mar 2024

04 / LEADERSHIP + INDUSTRY

Outside the job title

Real Estate Students' Association

Vice President • University of Guelph

APR 2026 • PRESENT

- Oversee club strategy and execution alongside the President across partnerships, sponsorship, marketing, operations, and member engagement.
- Coordinate the executive team and lead communication with industry partners across major student and industry initiatives.
- Previously helped deliver RESA's first Women in Real Estate event for 100+ students and industry professionals.

Previous roles: VP Events • Events Manager • Brand Ambassador

Cornell International Real Estate Case Competition

Competitor • New York, NY

NOV 2024 + 2025

Represented the University of Guelph in an international commercial real estate case competition connecting 20 universities to present solutions to a real-world CRE transaction to industry professionals.

ICSC Student Member Advisory Committee

Student Representative

MAY 2025 • PRESENT

- Selected to represent the student perspective in ICSC programming and industry engagement, while acting as a liaison between ICSC and the University of Guelph.
